Dear Carey Customer

There's something about this time of year that brings out the desire in all of us at ***Carey's Pipe & Tobacco Shop*** *to 'renew and refresh'. It's surely no coincidence that our* ***Summer Catalogue****, assembled during the months of April and May, has in many ways become the most important catalogue of the year for showcasing new products. And this time around is set to be no different...*

So what have we in store over the next 30+ pages? We've packed the front half full of all the Carey products you could possibly wish for, with ***16 Private Blend Tobaccos*** *and* ***6 Boutique Blends****, which many customers are unaware are blended for us right here in the UK. With page space at a premium we've removed our Guest Brand Tobaccos this time around... but fear not! Our website always carries the full range of products, so if there's something missing from the catalogue simply jump online at* ***www.eacarey.co.uk****, or give us a call on* ***01481 811740*** *and the chances are we'll have exactly what you're looking for...*

Regarding pipes, the ***14 Magic Inch*** *and* ***Carey 9mm ranges*** *featured this time constitute the very best in terms of value for money - we use only genuine briar in all our pipes and at the top of our price range the quality will rival any pipe, anywhere. Some new Carey ranges will be introduced later in the year, but for now we've brought in a bevy of new Guest Brand products, from* ***Corn Cobs by Old Dominion*** *to new glamour ranges from* ***Big Ben*** *and* ***Vauen****. We've also enlarged our* ***Special Pipes*** *section with new Churchwardens and offerings from* ***Savinelli, Sasieni, GBD*** *and a* ***Polish artisan pipe maker****. And did I mention the* ***Vauen Pipe of the Year 2015****? Add new accessories in the form of dapper* ***tampers*** *and* ***brown leather pouches*** *and it's clear we've been hard at it, sourcing the finest pipe smoking products at the most competitive prices.*

And lastly, for those looking to broaden their horizons, we've included our ***Electronic Smoking*** *page first featured with great success at Christmas, offering alternatives in the form of both loose leaf products and true electronic vaping.*

Happy Puffing!

E.A. Carey
